

UVODNE NAPOMENE

Institut za uporedno pravo objavljuje ovaj međunarodni zbornik radova u znak sećanja na pokojnog profesora dr Pavla Nikolića koji je preminuo 31. oktobra 2020. godine u Beogradu. Iako profesor Nikolić nije nikada bio zaposlen u Institutu, on je svojim delovanjem, zajedno sa svojim institutskim kolegama znato doprineo afirmaciji Instituta za uporedno pravo, pre svega u inostranstvu. Pored toga, profesor Nikolić je objavio veliki broj članaka u oba časopisa Instituta, Stranom pravnom životu i Yugoslav Law-u.

Ovom prilikom želeo bih da se posebno zahvalim njegovim prijateljima i kolegama, kao i nekim njegovim bivšim studentima-doktorandima iz Francuske, Italije, Španije, Nemačke, Izraela, Slovenije, Hrvatske, Poljske, Albanije, Severne Makedonije, Republike Srpske i Srbije koji su poslali rad za ovaj zbornik. Profesoru Nikoliću bi bilo izuzetno drago da vidi sva ova njemu bliska imena, kao i neke nove naučne snage, okupljene u ovoj knjizi.

Hteo bih da se zahvalim prof. Vladimiru Đuriću, mom kolegi, prijatelju i studentu profesora Nikolića na ideji za ovaj zbornik radova, kao i prof. Vladimiru Čoloviću direktoru, prijatelju i ko-uredniku koji je uradio sve da omogući objavljivanje ove knjige.

Naziv ovoga zbornika *Constitutio Lex superior* u stvari je i životni moto profesora Nikolića, koji je uvek smatrao da ustav jeste takav najviši akt, koji mora da se poštuje u svim vremenima i svim društvima, bez obzira na okolnosti.

INTRODUCTORY REMARKS

The Institute for Comparative Law is publishing this international collection of papers in memory of the late Professor Dr. Pavle Nikolić, who passed away on October 31, 2020 in Belgrade. Although Professor Nikolić has never been employed at the Institute, he, together with Institute's colleagues, has significantly contributed to the affirmation of the Institute for Comparative Law, primarily in foreign countries. In addition, Professor Nikolić has published a large number of articles in the Institute's journals on Foreign Legal Life and Yugoslav Law.

I would like to take this opportunity to especially thank his friends and colleagues, as well as some of his former doctoral students from France, Italy, Spain, Germany, Israel, Slovenia, Croatia, Poland, Albania, Northern Macedonia, Republika Srpska and Serbia who sent their contributions for this collection. Professor Nikolić would be extremely pleased to see all these names close to him, as well as some new scientific forces gathered in this book.

I would like to thank prof. Vladimir Đurić, my colleague, friend and student of Professor Nikolić on the idea for this collection of papers, as well as prof. Vladimir Čolović, director, friend and co-editor who did the whole lot to enable the publication of this book.

The title of this collection, *Constitutio Lex superior*, is in fact the life motto of Professor Nikolić, who always believed that the Constitution is such a supreme act, which must be respected at all times and in all societies, regardless of the circumstances.
